

Subject: Special AYF/AYC offer for online educational resource

Dear AYF/AYC parents,

Thank you for registering your student athlete with AYF/AYC! Each new year brings with it great opportunities on the football field and cheer mats as well as academic growth and achievement to complement them.

We have formed a partnership with an education company called Castle Rock Research to offer our members discounted access to an excellent online study guide, SOLARO. Any student athlete can access a SOLARO subscription for \$50 which will run through June 30, 2025 (the retail price for just one year is \$200).

What is SOLARO?

SOLARO (Student-Oriented Learning, Assessment, & Reporting Online) is an online study guide that augments the curriculum in English Language Arts, Mathematics and Science for grades 3-12 in all 50 states.

- Available on any desktop, laptop or mobile browser
- Includes lessons, quizzes, practice tests and study tools to help students better prepare and help lessen exam anxiety.
- Parents can also access SOLARO to provide targeted homework support; parents can refresh knowledge and skills plus access learning progress reports to help guide what to do next.

To learn more about SOLARO, please visit our AYF/AYC member offer page at <https://www.solaro.com/ayf>. Select your association and enter discount code **AYFSTUDY2024 at checkout to get the \$50 price!**

We hope you'll take this opportunity to help us give our athletes the strongest foundation possible for success both in competition and in the classroom.
